Dearest May, I was so delighted to get your airgraph today & to know that you & the children had been staying with Mother. Do write & tell me just how she looks & how you think she is managing by herself. I feel she will probably be much happier. I have just written to Bff. Kypienberges & asked him to come & convalesce with us if he would care to. I doubt whether I will be able to visit him but will try one Saturday. We have all been asked not to travel to Hospitals & even if you are next of kin you must produce an official letter at the local P.O. There are tremendous days & one cannot plan ahead but tell Ruth Kip I will go & see him if possible. I was sorry to hear from Mother's last letter that dear Junymeth had Scarlet fever but she must have been alright for you to all travel. Lots of love to you all - Yours Helen.
