10 Tu 222-143

was a boys
college before the war.

We went to some
sports on the beach.

11 Wed 223-142

not very
interesting. A tug-of-
war between two
Indian teams was

12 Th 224-141

interesting for
its total lack of
excitement on either
side of energy

13 Fri 225-140

Had dinner
with Dearsley at
Union Club, and then
after watching a

14 Sat 226-139

game of
"Potted Basques" at
the Murad I went

home to the "Windsor"
Thurs I spent trying
to unravel the
mystery of the
cables found letters
that I did not
receive. but I spent
an interesting time
driving round look-
ing at the town and
examining the old
forts which are
now in a state of
decay. I like Alex
much better than
Cairo. It is so
beautifully fresh
with its sea breezes
and the streets and
houses all seem
cleaner. Havelok
is its suburban
district and contains
several different
suburbs. The docks
at "Gabbary" are at
the west end of the
town.
