In some ways, the winter edition of Huraina is the most valuable. With the days getting shorter and darker, there's less and less to do outdoors — and for everyone with the itch to get out and mingle with like-minded people, learn a new skill, enrich their knowledge, our “What's on?” magazine becomes an invaluable guide. If you're getting a bit stir-crazy, knowing where to go (and where to send your kids!) is the first step. There really is something for everyone.

Huraina has come a long way — and we find ourselves now in our twelfth edition, which means three years of

library news, views and events. The more I read, the prouder I am of the range of activities we have to offer across our network. You'll be just as impressed as I am by what you see available in these pages.

We'd love to hear your thoughts on this issue of Huraina, as well as ideas for what you'd like to see included in future editions. Please email them to uncover@ccc.govt.nz

Outreach and Learning

Christchurch City Libraries has 22 libraries you can visit. Twenty of these are based in lovely welcoming buildings, and two are vans that roam around the city.

As well as the teams based in your community that you see in your local library, there are many teams behind the scenes working hard to provide library services and resources to the Christchurch area. One of these teams is Outreach and Learning.

Outreach and Learning plays a special role in library services with a team of eight very dedicated and passionate librarians taking library services and resources to parts of the community that don't always have access.

No two days are the same at Outreach. Our team visits hundreds

of preschools, specially selected schools, large community events, 45 rest homes, a diverse range of community groups, corrections and health facilities, cross-agency initiatives, and of course libraries!

Our role is to take the love of reading, lifelong education and library membership — the full library experience — to every corner of the community. We build relationships with people and connect them to their local community library. Many of you will know the team as Library Lynette, Library Anne, Library Susan, Library Toni, Library Jan and other well-loved Library faces!

As well as sharing our love of books and resources through preschool, school and older adult programming in rest homes, we also offer a range of mobile library

stops, and send items in crates to rest homes, group care facilities and a special selection of pre-schools around the city.

In fact, our small team provides around 50,000 library items a year to our groups across the year. We're privileged to work across our network of libraries and alongside our awesome deliveries team, collecting and sharing the latest and greatest parts of our library collections.

If you're in a corner of the community that would like better access to the world of information we have at the libraries, please get in touch with the Outreach and Learning Team.

Celebrate Matariki 2019

*Kua ara ake ahau i te papa o te whenua
Kua kite ahau i ngā whetū e tūtaki tahi ana
Ko Matariki te kaiūri, ko Atutahi kei te taumata o te mangōroa
The scope of our imagination is from the earth to the stars...
— Professor Te Wharehuia Milroy*

A continuation of a fresh look through old eyes at Māori oral traditions, practices and customs associated with the Māori New Year. The third year of the Christchurch City Libraries reintroduction of Te Iwa o Matariki – the nine stars of Matariki. This year Te Kāhui Kumanu a Matariki – The Guardian Stars of Matariki: Pōhutukawa, Hiwa-i-te-Rangi and Matariki (the Mother)

TE IWA O MATARIKI

*Kua haehae ngā hihi o Matariki
Always be grateful for the blessings you receive*

Matariki is a time for cherishing our loved ones and releasing our aspirations for the New Year before us, while remembering those who have passed on. The Guardian stars of Matariki that support these endeavours are Pōhutukawa who cares for the afterlife, Hiwa-i-te-Rangi the inspirer of aspirations and Matariki – the Mother, the nurturer. During the time of Matariki we are encouraged to care for our environment, our loved ones and our own health, be it mental, physical or spiritual. It is also a time for wishing for a prosperous year ahead.

my library

Jeffrey Huffadine

What words spring to mind when you hear 'Library'?

I don't think that it is words that spring to mind but rather happy childhood memories of my love of reading. I remember visiting both the old Canterbury Public Library on the corner of Cambridge Terrace and Hereford Street, and also the Central Library on the corner of Gloucester Street and Oxford Terrace.

Who instilled a love of reading in you?

I seemed to be born with a love of reading, but I'd say I have my parents and grandparents to thank for that.

What do you see at Christchurch City Libraries' greatest contribution to the community?

The library today is an incredible resource for finding out information. They say knowledge is power, so libraries are empowering.

What would you like to see in tomorrow's libraries?

I want to see our libraries encourage the love of reading that I am sure has been a big part of the successes I have in life.

What are you most looking forward to seeing happen in our city?

Although I have not seen most of the residential red zone, I am keen to see its future regeneration plans that emerge from the engagement with our communities.

What are your recommended reads?

When I visited the old Central Library on the corner of Gloucester Street and Oxford Terrace, I used to browse through the Janes Fighting Ships and I have done the same at Central Library Manchester and Central Library Peterborough. I also like local NZ books such as Product Tankers, Reefer ships, and Bulk Carriers - all by Nick Tolerton, plus other reads by local authors such as Gateway to the Ice by Tony Phillips.

Jeffrey has visited Tūranga 203+ times since opening!

Your new central library Tūranga has been open for more than 6 months. Here are some statistics from end of April 2019

- 599,290 people have visited
- More than 278,239 items have been borrowed.
- There have been 16,111,623 individual touches on the Discovery Wall, and 5,027 postcards sent from it.

Jeffrey visited on opening day 12 October 2018, and has visited more than 200 times since then!

Contribute to the Discovery Wall

Planning on tidying up and organising this winter? Or perhaps you just feel like having a trip down memory lane while going through your old photos?

The 1970s, 80s and 90s may not seem long ago for some of us, but they are now 20–49 years in the past and a lot has changed since then! Tūranga's Discovery Wall is a particular aspect of our collection that we'd love to see grow, so if you have any photos of concerts, markets, competitions, celebrations or any events from this time, it would be fantastic if you contributed them through the website at discoverywall.nz

Of course, if you come across images from other time periods that can provide insight into what living in Christchurch is — or was — like, we'd love those as well!

Contact us at discoverywall.nz@ccc.govt.nz for advice about digitising your physical photos for the Discovery Wall.

You can also contribute to the images in the Discovery Wall — if you have further information about them, you can add comments either through the website or at the wall itself.

Check out the Mobile Discovery Wall as it moves around the network:

Sustainable Living Series

Christchurch City Council has been a leader on climate change for many years and is now actively planning to reduce greenhouse gas emissions, and to build the resilience that Christchurch needs to support climate adaptation.

To support this, the Sustainable Living Series was launched on Sunday 10 February 2019 at Tūranga. It kicked off a two-year programme of public talks, workshops and Storytimes developed by Christchurch City Libraries to support the Council's climate change strategy.

Sustainable Living Week at Lyttelton Library

Lyttelton Library invites you to a week of activities and displays aimed at sharing information and ideas on living in a more sustainable way.

Monday 10 - Saturday 15 June

Discover your next favourite book

Have you ever finished a great book and wanted to find more just like it? Or wanted to help your child find just the right book to read? Christchurch City Libraries has NoveList Plus, a great resource to help readers find books that are right for them.

NoveList Plus connects readers to their next book by making recommendations for what to read next. One of the most popular elements is read-alikes. This feature suggests titles that are 'just like' other titles.

Once you've just finished a great book, log into NoveList Plus and find great read-alikes. There are also read-alikes for authors and series. It covers both fiction and nonfiction titles for all ages from the youngest readers to adults.

For those younger story-hunters we have NoveList K8 plus which has recommended reads for ages 0-8, 9-12 and teens.

Christchurch City Libraries even has NoveList integrated into the catalogue. If you loved a book, find it in our catalogue and NoveList will recommend a read-alike that is available at one of our libraries.

So if you need help finding your next favourite book check out NoveList Plus at christchurchcitylibraries.com
