**PORTABLE COT FOR BIVOUC.** Take a strip of canvas 6 feet long, sewing a loop on each side running the whole length. Cut two poles or use boy scout staves to slip through these loops, and drive four forked sticks into the ground a little farther apart than the canvas is broad. By letting the pole stick out each end and resting the ends on the forks you can hold the bed tight, and will have a comfortable and easily made bed for over-night hikes. A.
