which I believe commences about the 22<sup>nd</sup> of next month  
What a long time it will be in coming round, and really  
dear, I don't like to think how quickly it will pass.  
There is very little news to tell you from the camp  
it is the same old place day after day. even the  
weather here has given up changing. it is still very  
hot, and the ground is that dry it nearly burns ones  
feet off.

Am afraid I will be unable to get leave this week  
as we are going to inoculated on Saturday, but you  
can depend on me doing my best the following week  
Well dear I must close now as it is near "lights out"  
so. sweet dreams.
