Dear Mum,

I was very pleased to receive two letters yesterday morning, one from Edna & one from you. I hadn't had a letter from you since 1st. January, but I suppose the delay was due to the Pacific situation - affecting the air-mail. Edna's letter of yesterday was the first I had had for two weeks. However, we can't grumble as we are very fortunate in receiving mail as regularly as we do. Compared with the troops during the last war, - well, there isn't any comparison so far as speed in delivery of mails goes.
