Dear Mum,

Here is a small
souvenir made from cedar wood
which I brought back with me
over the Lebanon mountains (over
8000 ft.) from the Valley of the Gears.
The cedar cones are from there
also, but as they are young cones,
they will not mature. However,
they will do as a souvenir.

I had to walk 23 miles to
get to the Cedars & 23 miles back
again, over snow clad mountains.
But it was well worth the trouble.
I have written you a long letter
about my trip.

Love from Rewai

P.S. More mail has just arrived.
3 from you (15th March, 5th April,
