Dear Mum + Dad,

Was very pleased to receive your "Airograph" yesterday & to know that you had received my letter of 15 March & also the parcel of books. By now you will have received the parcel I sent you from Palestine two weeks ago when I was there on leave - I expect. Well I am pleased to say that at long last I am back again with my unit & among my old friends. This is the camp I was in when I first came to Egypt & it seems like home (more or less). We are having quite warm weather now with the temperature up to 100° + over. On account of the heat, we do our training in the morning, with reveille at 5.15, mug of tea at 5.30, physical training, bayonet drill & so on till breakfast at 8. Resume again at 9 & carry on till 12.30.
