eat, + even between periods of training in camp have time for a bun or doughnut + mug of tea — + when we are out on a manoeuvre always seem to pass through an orange or mandarine grove. We wear overalls while by manoeuvres + very good they are when making boxes, may through a field of thistles. No 3. is not the only country that grows weeds, thistles included. These grow to a height of from 4 to 5 ft. here.

In my letter written after I had returned from my leave in Palestine, I mentioned having visited a Stud Farm + having seen some good specimens of horses + cattle. The farm is quite near here + we have passed through it several times. The weather has been quite good during the week. We are now
